
Fishing Safety

Posted by Kate245 - 2008/05/13 11:26

So I am fairly new to fishing. I am not sure where to even ask, but I was looking to get an Autotether (www.autotether.com)...my dog comes on the boat with me and tends to jump out and it takes me a while to realize he is gone so I have to search for him so I was going to put a transmitter on him in the event he jumps again. Has anyone tried an Autotether?
